Objectives (Tool Kit Grant for Traditional Handicrafts Experts)

- The scheme is intended for the above purpose of improving the productivity and competitiveness of the traditional OBC craftsmen ensuring quality goods for enhanced income and thereby qualitative improvement in their living conditions.
- Aims/Objectives: 1.

Important Features (Tool Kit Grant for Traditional Handicrafts Experts)

- Introduction: A sizeable population of OBCs is engaged in traditional occupations like handicrafts, jewellery making, metalwork, weaving, etc. Due to these low
- paid occupations and due to modern technological intervention they face tough competition in the market which creates a feeling of inferiority and incapacity threatening their very existence. In order to have the traditional occupation as a sustainable self
- employment and income
- generating source for the families of traditional craftsmen their traditional skills need to be upgraded and they need to be equipped with modern technology to meet the market demands. The scheme is intended for the above purpose of improving the productivity and competitiveness of the traditional OBC craftsmen ensuring quality goods for enhanced income and thereby qualitative improvement in their living conditions. There are several craftsman communities among OBCs such as Viswakarma, Padmasaliya chekkala etc. The Scheme envisages providing modern skill training and Tool Kits for these groups.
