

Establishment of Regional Semen Production Laboratory and Semen Bank for sheep and goat

Details (Establishment of Regional Semen Production Laboratory and Semen Bank for sheep and goat)

Launched in the Financial Year 2014-15, the scheme "National Livestock Mission" by the Department of Animal Husbandry & Dairying, Ministry of Fisheries, Animal Husbandry and Dairying, aims towards employment generation, entrepreneurship development, increase in per animal productivity and thus targeting increased production of meat, goat milk, egg and wool. The concept of the NLM Scheme is to develop the entrepreneur in order to create the forward and backward linkage for the produce available in the unorganized sector and to link with the organized sector. ■ "Establishment of Regional Semen Production Laboratory and Semen Bank for Sheep and Goat (Genetic Improvement of Sheep and Goat Breeds)" is a component of the "Sub-mission on Breed Development of Livestock and Poultry" scheme of the National Livestock Mission. The objectives of this component are: Genetic improvement of Indigenous descript breeds of sheep/goat through selective breeding Genetic upgradation of non-descript sheep/goat breeds through cross-breeding with high genetic rams or bucks to increase productivity.
