## **Important Features (Mukhya Mantri Krishi Sa Sajuli Yozana - Assam)**

- Agriculture occupies the primary position in the economy of the state of Assam. Over 70% of the state's population relies on agriculture as farmers, as agricultural labourers, or both for their livelihood. Although agriculture in Assam is characterized by stagnation, low productivity and frequent occurrence of floods, and low levels of public and private investment. The small and fragmented land holdings and frequent floods in the state are a causative factor for farmers to have lower income and agricultural activities become non
- remunerative in the State. To boost agricultural productivity, it is pertinent to make interventions through financial assistance to poor farmers. Hence, the finance minister of Assam had announced to assist the farmers to promote the use of scientific farm implements.
