

Scheme Of Provision Of Subsidized Rams To Sheep Breeders

Details (Scheme Of Provision Of Subsidized Rams To Sheep Breeders)

The Department of Animal Husbandry, Government of Himachal Pradesh has introduced a scheme named " Scheme of provision of subsidized Rams to Sheep Breeders " to improve the Quality and Quantity of Wool being produced in the state. The scheme is open to all sheep breeders of the state who have a registered sheep unit. The subsidy is provided on a first-come-first-serve basis, and the number of rams provided under the scheme is limited. Aim of this scheme: provide High Genetic Merit breeding rams of Rambouillet and Russian Merino breeds and after purchasing from Farms/progressive breeders of the state and neighboring States and to provide these to sheep breeders at 60% subsidy. Objective of the scheme: To improve Quality and Quantity of Wool being produced in the state, thereby ensuring better economic returns to the Sheep Breeders. Key features: Subsidized Rams: The scheme provides rams of superior breeds at subsidized rates to eligible sheep breeders.

Objectives (Scheme Of Provision Of Subsidized Rams To Sheep Breeders)

- Aim of this scheme: provide High Genetic Merit breeding rams of Rambouillet and Russian Merino breeds and after purchasing from Farms/progressive breeders of the state and neighboring States and to provide these to sheep breeders at 60% subsidy.
- Objective of the scheme: To improve Quality and Quantity of Wool being produced in the state, thereby ensuring better economic returns to the Sheep Breeders.
- By providing them with superior breed rams at subsidized rates, the scheme aims to increase the productivity and profitability of sheep farming in the state.

Important Features (Scheme Of Provision Of Subsidized Rams To Sheep Breeders)

- Key features: Subsidized Rams: The scheme provides rams of superior breeds at subsidized rates to eligible sheep breeders.

Benefits (Scheme Of Provision Of Subsidized Rams To Sheep Breeders)

- This Scheme of Provision of subsidized Rams to Sheep Breeders in Himachal Pradesh can benefit sheep breeders in the state by providing access to superior breed rams, increasing productivity and profitability, and promoting the adoption of modern and scientific methods of sheep breeding. Under this scheme, Breeding Ram will be provided on 60% subsidy. Some of the key benefits of this scheme are:
Access to superior breed rams: The scheme provides access to high
- quality rams of superior breeds such as Merino, Rambouillet, and Hampshire, which can improve the genetic potential of the sheep population and enhance their productivity. Affordable rates: The rams are provided at subsidized rates, which makes them more affordable for sheep breeders who may not have the financial resources to purchase them at market rates. Increased productivity: By providing access to superior breed rams, the scheme can increase the productivity of the sheep population, which can lead to higher wool and meat yields. Improved profitability: The scheme can lead to improved profitability for sheep breeders as higher productivity can result in higher revenues and reduced costs. Adoption of modern methods: The scheme encourages sheep breeders to adopt modern and scientific methods of sheep breeding, which can result in more efficient and effective breeding practices. Employment generation: The scheme can also generate employment opportunities in the sheep farming sector, as increased productivity can lead to increased demand for labor in areas such as shearing, wool sorting, and meat processing.

Eligibility (Scheme Of Provision Of Subsidized Rams To Sheep Breeders)

- The eligibility criteria for the Scheme may vary based on the specific guidelines and criteria set by the implementing agency of the scheme.
- However, some of the general eligibility descriptions given as under: A Sheep breeder of H.P.
