

Support for Value Addition - Support to R&G; units

Details (Support for Value Addition - Support to R&G; units)

The scheme "Support for Value Addition - Support to R&G; units" is a Sub-Component of the Scheme "Integrated Coffee Development Project" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry. This scheme aims to enhance the quality of coffee products and achieve value addition through the introduction of improved technologies in roasting, grinding, and packaging which will result in boosting domestic coffee consumption and entrepreneurship in the coffee sector, especially in the non-traditional areas.

Objectives (Support for Value Addition - Support to R&G; units)

- This scheme aims to enhance the quality of coffee products and achieve value addition through the introduction of improved technologies in roasting, grinding, and packaging which will result in boosting domestic coffee consumption and entrepreneurship in the coffee sector, especially in the non-traditional areas.

Important Features (Support for Value Addition - Support to R&G; units)

- The scheme "Support for Value Addition
- Support to R&G; units" is a Sub
- Component of the Scheme "Integrated Coffee Development Project" by the Coffee Board, Department of Commerce, Ministry of Commerce and Industry.

Benefits (Support for Value Addition - Support to R&G; units)

- Roasting Units, Gourmet roasting units 1Kg to <10Kg/batch, and small roasting units with a capacity of less than 25 kg capacity are eligible for subsidy support of 40% of the machinery cost with a ceiling of ■10,00,000. For the SHGs, women entrepreneurs, SC/ ST, Minorities, and differently abled beneficiaries, subsidy support is @50% of the machinery cost with a ceiling of ■10,00,000. Support for gourmet roaster units would enable the roasting of specialized blends in smaller quantities. This may also help to encourage a large number of small players/ new entrepreneurs to take up this venture in non-traditional coffee
- drinking areas. ■ Disbursement of subsidy The subsidy shall be released to the applicant's bank account through PFMS in cases where the application is complete in all respects and only after approval of the post
- installation inspection report submitted by the Coffee Quality Division, Coffee Board, Bengaluru.

Eligibility (Support for Value Addition - Support to R&G; units)

- The applicants should be individual units, Partnership firms, self-help groups (SHG)/ Growers' collectives interested in establishing coffee roasting units. The Scheme is applicable only for the establishment of new R&G; units. The applicant's unit must hold a valid business license from the respective statutory authorities. ■ Components Eligible for Subsidy For New R&G; Units: The roasting, grinding, and packaging machinery in any of the following combinations are eligible for subsidy
 - a) Roasting machine, grinding machine, and packaging machine. b) Roasting machine and packaging machine. c) Grinding machine and Packaging machine The Subsidy scheme is not applicable for similar machinery or for more than one (Roasting, Grinding and Packaging) machinery of each type/ kind. ■ Priority Applications are considered on a first come, first served basis, provided they are complete and subject to fund availability.

Application Process (Support for Value Addition - Support to R&G; units)

- Step 1: The interested applicant should take print of the prescribed format of the application form .

- Step 2: In the application form, fill in all the mandatory fields, paste the passport-sized photograph (signed across, if required), and attach copies of all the mandatory documents (self-attest, if required).
- Step 3: Submit the duly filled and signed application form along with the documents at the following address: The Divisional Head - Coffee Quality Division, Coffee Board, No.1, Dr Ambedkar Veedhi, Via., email: hdqc.coffeeboard@nic.in / hdqccoffeeboard@gmail.com.
- ■ Post-Application Processes Step 1: Scrutiny and Feasibility Assessment The applicant's provided information undergoes scrutiny, and physical inspection occurs based on necessity.
- Coffee Board officers conduct feasibility assessments on a case-by-case basis.
- Step 2: Procurement, Installation, and Commissioning Coffee machinery procurement, installation, and commissioning are permitted upon receipt of the Feasibility Report from the Coffee Board.
- This responsibility lies with the applicants.
- Step 3: Submission of Support Claim Application Upon successful installation and commissioning of R&G; machinery, the applicant submits the support claim application for the establishment of the R&G; unit.
- A physical site inspection is conducted.
- If the application is deemed unfit for approval, the reasons are communicated to the applicant.
- ■
